SOFTWARE

EXPERIENCE

SURFACE DESIGN PRODUCTION I

Columbia Sportswear
JAN 2016-MAR 2016

- +Support Inline & SRT Surface Design Team with tracking, managing and preparing print artwork packages for commercial production.
- +Manage, track and upload textile patterns created by surface designers, for commercialization. This includes initiating artwork packages, validating base cloths, identifying and maintaining efficiencies and creating tabsheets for upload.
- + Responsible for creating and maintaining support tools such as print boards and digital documents.
- + Entry of seasonal information and files into proper data systems PDM & DMM.
- + Uses Photoshop and Illustrator to edit artwork.
- + Responsible for accessory and equipment categories: coloring artwork, initiating artwork packages, validating base clothes and creating tabsheets for MR and LO.

PRODUCTION INTERN

JLD-Studios
JAN 2017-March 2017

- +Assist head of production with organizing fabric library and production materials.
- +Utilize Optitex, sublimation printer and laser cutter to produce patterns and production pieces for sewing.
- +Assists the studio in production planning and shipment dates.
- +Accurately deciphers technical packages used for cutting and shipping orders.
- +Responsible for quality control audits before shipment.

SALES ASSOCIATE/VISUAL DISPLAY ASSISTANT

J.Crew
SEPT 2016-March 2017

- +Developed and executed visuals throughout the store based on corporate directives.
- +Creates visuals for main store windows and shop visuals for Men's, Women's, and Crew Cuts.
- +Provided excellent customer service in order to increase sales and customer--employee interactions.

SPRING FASHION SHOW DESIGN COMMITTEE

Oregon State University
SEPT 2014-JUN 2015

- +Liasion between committee chairs and 20 designers.
- +Created flyers and promotional materials.
- +Planned meeting times between designers and models.
- +Developed content for designers and updated social media websites to upkeep communication between committee chairs and designers.
